

# PURESTREAM

## PIPING

BY AIRCOM

## Accessories

**PURESTREAM** supplies a variety of accessories which will allow you to work under safe conditions and makes the installation of the piping system become more efficient. Specific screw nut wrenches are provided for the Polymer Line and special body holding wrenches for our Aluminum Line ( Aluminum wrench sizes in 20mm-25mm-32mm-50mm).

Use **PURESTREAM'S** Chamferring tool to smooth out any burrs or rough edges that may appear at the ends of the pipe, allowing for an easier connection. Refer to our brochure for a complete list of accessories.
